

Manager and Coaches Field Maintenance

PRACTICES- Managers and coaches are responsible for all of the following:

Field Prep and Takedown: watering, dragging, & raking.

Installing bases before practice. Can be found in minor equipment shed

Return the bases to their designated equipment shed.

Replace base plugs after practice.

Lock all your field gates and equipment sheds before you leave.

Pick Up and dispose of any trash left in the dugouts and/or stands.

GAMES

Unless an agreement has already been made between managers or coaches before the game- then please follow this general TCLL Field Plan:

Home Team is responsible for field set up.

Necessary dragging, raking and watering prior to the game (if needed.)

Chalking Batter's Boxes and foul lines.

Installing Bases and keeping the base plugs together and in site for replacement.

Away Team is responsible for field tear down.

Necessary dragging, raking and watering after the game.

Raking out the chalk lines of the batters boxes and raking out the foul lines.

Returning the bases to their designated equipment shed and replacing base plugs.

Both Teams are responsible for...

All Trash needs to be picked up after every game from dugouts and your team stands.

Dugouts and Equipment Sheds need to be SHUT and LOCKED before leaving the field.

General Maintenance Asks:

- a. Coaches from the completed game should help prep the field for the next game when back to back games are scheduled.
- b. When time permits between games and after the last game of the day, please rake the field and groom the batter's box, and pitchers mound.
- c. Managers are to keep the equipment room clean and organized after each game or practice and will also ensure the equipment shed is locked and all lights are off before leaving the park.
- d. Both managers shall empty all trash cans and replace liners after the last game of the day. Trash bags can be found in the equipment sheds. Dumpster can be found in the front parking lot just behind Field 4.
